REGISTRATION OF ENTERTAINMENT GUEST(S)

Any guest(s) of Exhibitor must be officially registered with CACM, Inc., and pay the appropriate conference or badge fee. Guest(s) must wear an official Show badge. Guest(s) may include, but not be limited to, celebrity impersonators, caricature artists, massage therapists, and others who provide entertainment within the confines of the Exhibitor booth. All individuals must be 18 years old.

SECURITY

CACM will provide perimeter security to the best of its ability. Security guards will be in the exhibit hall at all times. Exhibitors are encouraged to take steps to prevent theft by cooperating with CACM security policies. If you see any security violation, please report it immediately to the security officers or to Show Management.

SOLICITATION FOR EMPLOYMENT

CACM has a “zero” tolerance policy of individuals and/or Exhibitors, and/or their representatives, who actively solicit conference attendees or other participants at the Show for purposes of employment. Exhibitors are prohibited from this practice. CACM reserves the right, at its sole discretion, to prohibit any Exhibitor, its agent, employee, successor, heir, and assign from any future CACM Law Seminar & Expo should this practice occur.

SOUND

The use of sound systems or equipment producing sound is a privilege, not a right. Show Management reserves the right to determine at what point sound constitutes interference with others and must be discontinued by adhering to the following:

In general, Exhibitors may use sound equipment in their booths so long as the noise level does not disrupt the activities of neighboring Exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle.

The 80/80 Rule: Any sound that consistently exceeds 80 decibels measured at the edge of an Exhibitor’s booth or is clearly identifiable more than 80 feet from that booth is considered objectionable.

Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music.

STANDARD BOOTH EQUIPMENT

CACM Exhibit Management and/or its Official Show Decorator, will furnish to all Exhibitor(s) a booth, 10’ deep and 10’ wide, with a background consisting of a draped back to a **height of 8’** and draped divider side rails to a height of 3’ above the floor, a standard identification sign with the Exhibitor’s company name and booth number, one six-foot table with two chairs, and wastepaper basket.

STRUCTURAL INTEGRITY

All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring exhibitors, hall laborers, or installation/dismantling equipment, such as fork lifts. Displays should also be able to withstand moderate wind effects that may occur in the exhibit hall when freight doors are open. Refer to local building codes that regulate temporary structures.

Exhibitors should ensure that any display fixtures such as tables, racks, or shelves are designed and installed properly to support the product or marketing materials to be displayed.

GENERAL INFORMATION

SUITCASING

Suitcasing is defined as the unethical practice to solicit or sell products or services to delegates attending a show without the proper authorization by an event sponsor. It is strictly prohibited at CACM Southern California Law Seminar & Expo and any attendee who is observed soliciting business in the aisles, public spaces, or in another exhibitor's booth will be asked to leave. It is Show Management's objective to do everything possible to support our exhibitors in having a successful show so please report any suitcasing you observe to Show Management.

UNATTENDED BOOTH POLICY

Exhibitor and any employees, agents or representatives of Exhibitor must occupy its Booth during official Show/Exhibit Hall Hours. Failure to occupy the Exhibit Booth during official Show/Exhibit Hours will be cause for CACM to refuse future exhibiting privileges. In the event an Exhibitor consists of only one representative, arrangements must be made by the exhibitor for the booth to be covered during show hours

VARIANCES

Any exceptions or alterations to the restrictions and boundaries described herein must meet with the approval of Show Management and must be obtained prior to the booth set up. If Show Management determines that your exhibit obstructs or interferes in any way with other exhibits in the area, you will be asked to conform to the rules during the CACM Law Seminar & Expo. If you are unable to comply with the rules, you may be instructed to dismantle your booth or the part of the booth that does not conform. Show Management will not give refunds to any exhibitors asked to dismantle their booths.

They can also be reached at csr@totalexpo.com or on show site at the Exhibitor Service Desk. UTILITIES

Electrical and plumbing services will be performed by Disney Event Services personnel. All wiring and electrical installations must be performed by a “house electrician.” However, authorization may be granted for company engineers to perform special electrical work on their own company exhibit equipment.

TotalExpo requests Exhibitors do not tip TotalExpo or union employees (such practices as giving money, merchandise, and other special considerations for services rendered.) These employees are paid at an excellent wage scale denoting a professional status and tipping is not necessary. This applies to all employees. Any request for such should be brought to the attention of Show Management and a TotalExpo representative at the Exhibitor Service Desk.

SECURITY TIPS

BASIC SECURITY MEASURES PROVIDED BY SHOW MANAGEMENT

Uniformed guards will be stationed at entrances, exits and along the perimeter of the floor. This service will be provided 24 hours a day from the first move-in day to the last move-out day. Private guards may be hired from the official security service.

DO'S AND DON'TS OF EXHIBIT SECURITY

- Show Management is extremely security conscious and takes every reasonable precaution to protect your property while it is at the 2023 CACM Law Seminar & Expo. Show Management will not assume responsibility for loss, damage or theft. Each exhibitor is responsible for his or her own property.
- Adherence to the following recommendations and precautions plus the vigilance of the personnel in your booth should ensure adequate security for your exhibit materials and personal property.
- Arrange for insurance coverage to protect your exhibit and product against damage or loss from the time it leaves your premises until it returns.
- When preparing exhibit material for shipment, avoid cartons that identify contents.
- Assign people to be present at your booth when your exhibit material arrives to receive the shipment and to take inventory. Report immediately to security or Show Management any discrepancies between quantities shipped and quantities received.
- Installation is a highly vulnerable period; so, pay special attention to items easily pilfered. Place them in locked containers when you can't keep an eye on them.
- Do not put articles of any value in a container marked "EMPTY STORAGE."
- Exhibitor personnel must wear show badges at all times during move-in, show days and move-out.
- During show days, someone should be on duty in your booth one half-hour prior to opening and for the same period of time after all trade guests have left.
- Immediately report to security or Show Management the presence of any unauthorized or suspicious visitors on the exhibitor floor.
- Don't leave personal items unguarded such as coats, wallets, handbags, briefcases, etc.
- Avoid leaving any small items or product samples of significant value in exhibit booths overnight. In the event these items cannot be removed, store out of sight and away from temptation. Use flameproof drop cloths to cover sensitive items when your booth is not manned.
- **REMEMBER** - and remind those staffing your booth - that while guard service is provided by Show Management until the end of move-out, it remains your responsibility to take whatever precautions you deem necessary to protect your property.

Please contact Brenda Uribe at Disney Event Services to order additional security for your booth.

SHIPPING & PRODUCT STORAGE

SHIPPING INFORMATION

There are two basic methods of shipping your display materials and equipment for the 2023 CACM Law Seminar & Expo:

Method 1: Shipping to the TotalExpo Warehouse

By selecting this method of shipping, you can ship your materials to the freight company's warehouse to arrive between Wednesday, February 8, 2023 and Thursday, March 9, 2023. Materials arriving after March 9, 2023, will be received at the warehouse with an additional after deadline charge. Materials are accepted at the warehouse Monday through Friday between the hours of 9 am – 3:30 pm. In the event of weight discrepancies or shipments received without a certified weight certificate, a fee will be charged per shipment.

To qualify for this type of shipping, the materials must be crated, boxed or on skids, or carpet and pad. This service includes the acceptance and storage at the warehouse, delivery to exhibit site, unloading freight and delivering to your booth, picking up, storing, and returning empty shipping containers; and reloading freight for return to your specified destination from exhibit site.

The big advantages of the method are that the shipping time does not have to be exact since you have an extended window and you have more flexibility on the carrier used.

Method 2: Shipping Direct to the Convention Center

To use this method, your shipment must arrive on Tuesday, March 14th and Wednesday, March 15th 2023 from 8 am – 4:30 pm. Any shipments received outside the above listed dates will incur additional charges and are not guaranteed to be received. There are no personnel at the Disneyland Hotel Convention Center available to accept shipments prior to the official move-in days.

All other exhibitors should schedule shipments to arrive early on Wednesday, March 15, 2023. This method must be used for uncrated and loose material shipments. Crated, skidded and boxed material may also be delivered at this time. This service includes acceptance of materials at show site, delivery to your booth, removal/storage/return of empty packing materials, and loading of materials on designated carriers.
