

Vision Awards

The California Community Management Industry's Highest Honor

Through the Vision Awards Program, CACM identifies those who exemplify the very best in the profession of community management; honors their contributions to the profession; and recognizes the positive difference that they have made in the lives of their colleagues, association homeowners and the communities they serve.

Consider nominating yourself, a California colleague or industry partner for this prestigious honor. The recipients of the awards will be honored during the 2024 CACM Law Seminar & Expo in Northern and Southern California.

AWARD CATEGORIES

RIISING STAR *(manager and industry partner members only)*

The Rising Star Award recognizes a manager and an industry partner with less than two years of experience in the California community management industry who has consistently raised the bar and exceeded a board's expectations by solving a challenging situation, gaining confidence of a board or exceeding the board's expectations.

INNOVATOR *(manager and industry partner members)*

This award recognizes one manager and one industry partner who uses their unique resources to kick start innovation and solve critical issues or improve association conditions. Managers and industry partners should show innovative thinking and action in one or several of the following:

- Board Management
- Financial Management
- Community Building
- Out of the box solutions

LEADERSHIP *(manager and industry partner members)*

This award recognizes a manager and industry partner who has fostered another's professional growth. Nominees are known for mentoring and inspiring others, helping define professional goals and supporting the success of their peers.

EDUCATIONAL EXCELLENCE *(manager and industry partner members)*

This award is presented to a member for their contributions to continuing education and professional development and growth of managers. Nominees further CACM's education programs and provide outstanding service to the organization.

COMPANY CULTURE *(manager and industry partner members)*

Businesses work hard to create a culture and identity that's unique. One that helps retain staff, positively impacts the actions and attitudes of their team and fuels growth. Nominees in this category also are involved in community service and social responsibility, as both form part of the overall cultural fabric of the business. This award recognizes all factors that influence company culture.
