

INDUSTRY PARTNER MEMBERSHIP

Connect to grow your business!

As an industry partner, your CACM membership provides you with exclusive access to showcase your business and expertise to more than 2,000 community managers and executives from across California. As the number one provider of California-specific education for community managers, CACM provides you with a unique opportunity to brand your company as a "go-to" provider within California. You also can show your dedication to professionalism by earning the CCIP certification.

Benefit From Focused Marketing

CACM is the only organization in California whose membership is comprised entirely of community association managers and industry partners. At CACM events, managers have the freedom to ask questions, share challenges and find solutions without the concern of their board members being present. CACM Industry Partners value this open dialogue and find that their interactions with managers provides a more focused marketing opportunity that brands them as a trusted resource.

Pursue California-Specific Education and Certification

Becoming a California Certified Industry Partner (CCIP) shows you are knowledgeable in how community associations operate, and the role community managers, boards and service providers play in achieving operational success. You will learn ethical guidelines to apply when working with community managers and homeowners' associations. This also helps you stand out, providing a marketing advantage as you talk to clients.

Gain Unmatched Visibility

CACM is proud that your membership dollars provide you statewide coverage of your marketing efforts. Unlike other organizations that require individual chapter dues and have their own set of sponsorships for you to commit to, CACM has one membership fee that allows you the freedom to use your marketing dollars in any (or all) regions of the state.

Build Authentic Industry Relationships

You offer a unique perspective on the industry and opportunities to solve complex issues that managers face on a day-to-day basis. Simply put, the industry needs you! CACM ensures that industry partners meet managers in an environment that clears the path for deeper, more meaningful connections.

HAVE QUESTIONS?

Reach out to us at membership@cacm.org. We would be happy to walk you through how CACM can assist you in connecting you to grow your business.

COMPETING EVENTS

CACM believes in the power of collaboration and works diligently to provide all members with exceptional opportunities to network at our events. Members who partner with CACM in sponsoring these events ensure that managers' expectations are exceeded, while receiving the recognition they deserve. When events, albeit from members or non-members, take place during (and in close proximity to) CACM events with the intent of driving CACM attendees to a non-CACM sponsored activity, it is seen as direct competition. No member, exhibitor, agent of exhibitors, employee, sponsor, associate, successor, heir or assign, may schedule any non-CACM sponsored activity, including but not limited to a hospitality suite, party (on or off event premises), activity, or any similar event during a scheduled CACM event. CACM reserves the right to decline participation in future events for individuals or companies in violation of this provision, at the sole discretion of CACM. It is CACM's goal (and preference) to bring all members together. If you have a desire to provide event attendees of any CACM event an elevated activity or experience, please reach out to us at events@cacm.org. We are happy to come alongside you in determining what will create the most value for all involved.
